Guide for Parents

# What is Positive Behavior Interventions and Supports?

West Homer Elementary has established a positive behavior program to improve the learning environment in the school. This school-wide program is research-based and designed to recognize students for appropriate behaviors. Students are taught to be **respectful, responsible, and safe** in our school. Appropriate behavior is acknowledged with praise, rewards and celebrations.

When students are **respectful, responsible and safe**, learning for all students can be maximized. When teachers are able to teach in an environment conducive to learning, students are able to learn in an environment that is comfortable and safe.

## How Parents Can Help!

Here are a few suggestions for how you can support and benefit from PBIS at home.

- Talk to your child about their school day including questions about what they learned.
- Discuss PBIS with your child.
- Ask what your child did to be respectful, responsible and/or safe today.
- Focus on the positive. Praise your child for the things they do well.
- Catch your child being respectful, responsible and safe!

Thank you for supporting our greater learning community!

## Students Earn Rewards
